

RFID Stock Management From D-Tech

RFID Self Check

RFID is the technology to help you extract the maximum potential from your library.

D-TechSelfCheck enables library customers to check out and return items themselves and manage their accounts independently.

Stack circulation and user-friendly touch screen navigation make the entire process fast and secure.

The self-service features free up library staff, giving them more time for other tasks like customer service.

D-TechSelfCheck is a RFID check-out-terminal for library items, offering a modern, trendy design, which appeals both to library visitors and staff. A customer card reader and a high quality 80mm printer are integrated. Available with coin, credit card and smart card payments.

Self Check Functions

- **stack multiple items for issue/return**
- **issue/return multimedia items**
- **choose preferred language whilst in use**
- **to renew singular or multiple items, including multimedia**
- **cash function**

**D-Tech offer the complete solution for all your RFID needs.
